FACULTY

OUR GUIDES TO KNOWLEDGE

Many improvements have taken place in the Mendon-Union Schools during the past year. We have seen an expansion of the curriculum, an improvement of equipment and facilities, and many achievements in both scholastic and extracurricular activities. These improvements and achievements have been made possible because of the dedication of the student body, the interest of the people of the community, the professionalism of the faculty, and the effort of the board of education.

The best way to show your appreciation to your school is to achieve a full and complete basic education and return this to a community by being an effective and knowledgeable citizen wherever you may live in years to come. Each of us has an obligation to ourselves, to our family, to our community, and to our country. Meet your obligations as true students and graduates of Mendon-Union.
